

REPORT TO FACULTY SENATE

FROM: Graduate Council

MEETING DATE: March 15, 2024

ACCOMPLISHMENTS:

The Graduate Council met on March 15, 2024, to review the following items:

- Proposal: Substantial changes to MS in Immunobiology. Dr. Nafees Ahmad, Professor in Immunobiology and Applied BioSciences presented the proposal and answered questions from GC members. The program will be online and has an existing pipeline of students looking to join the program. There are some updates to curriculum. There is ongoing discussion for this proposal, we will update FS by the next meeting.
- GC Chair edited existing GC Bylaws incorporating recommendations and updated Bylaws were discussed by GC. An online vote is being conducted to approve updated GC Bylaws.

A total of 24 voting members took part in the meeting. GC's next meeting is on April 19, 2024.
